

## Sergio López García

### Entrenador de porteros

## About me

I am a person who enjoys being on a football pitch, passionate about everything that surrounds goalkeeping. I like to work in a friendly, formative environment and pay attention to the details that make the difference in goalkeeping.

I have been active for more than 10 uninterrupted years, although my experience in goalkeeping training is more than 15 years. There is nothing more privileged in life than to be able to work in what you are passionate about and in my case it is football goalkeeping.

## Personal information

**Name:** Sergio López García

**Birthdate:** 07/06/1973
